CAREER OBJECTIVE

Seeking a challenging role as a skilled MuleSoft developer in a dynamic and innovative organization. My aim is to leverage my expertise in MuleSoft integration and development to drive efficiency, optimize processes, and contribute significantly to the organization's success while fostering a collaborative and growth-oriented work environment.

PROFILE SUMMARY

- Proficient in MuleSoft integration, with a strong command of Anypoint Studio and the Anypoint Platform.
- Experienced in designing and implementing Web Services, encompassing both REST and SOAP protocols.
- Skilled in data transformation using tools like Data Weave and Mule Connectors, ensuring seamless data flow within integration projects.
- Accomplished in Restful API development using RAML, creating robust and standardized APIs.
- Well-versed in deploying applications in Cloud Hub and on-premises, optimizing performance and scalability.
- Familiar with agile methodologies and Collaborative Centre of Excellence (C4E) tasks, facilitating efficient project management and collaboration.
- Competent in Mule application testing using the MUnits framework, ensuring the reliability of integrations.
- Proficient in MuleSoft components such as Anypoint Studio, Designer, and API Manager, facilitating comprehensive integration solutions.
- Basic proficiency in ticketing tools like Jira, enabling effective issue tracking and project management.

EDUCATION

B Tech (EEE) 2014 -2020

Ushodaya High School

Intermediate (M.P.C) 2012 - 2014

Geethanjali Junior College

SSC (2011 - 2012)

Ushodaya High School
